Winze Below 1,200 Level Is It Was Made on Footwall Side of Opening Up Well.

SACRAMENTO CON. SALE

coe and others ready, or nearly ready, to join the procession, the coming season bids fair to eclipse all records in the great old camp's history.

GREEN RIVER OIL FIELDS.

Salt Lakers Preparing to Operate-Excitement Growing.

Since the interest awakened in the definite form several Salt Lake parties ave made investigations and within a day or two a company with W. W. Olds, W. H. Irvine, John T. Hodson and several others will be formed for the burpose of exploring ground recently secured by the former gentleman. People are said to be rushing into the diggin's from all directions and at Grand Junction, particularly, has ex-citement been running high for sev-

eral days. Locations covering miles in extent are reported to have been made and ranchers have been giving options on their holdings right and left.

The ground is practically unprospected as yet, but several combinations are reported to be preparing to install derricks and go to work in earnest.

Henry Miles will leave for the scene today in the interests of a new Salt today in the interests of a new Salt

STRIKES IN WEST ARGENT.

Fine Ore Encountered on the 400 and 600 Levels.

The management of the West Argent reports a rich strike on the 400 and 600foot levels. The ore looked so well that Superintendent George B. Sessions dispatched a special messenger to the city yesterday with a gripful of samples. The assays showed some remarkable results, running all the way from 22 to 57½ per cent lead, eight to sixty-five ounces silver, and as high as \$250 in gold. The amount of this

an important meeting of the stockholders of the company will be held.

MINING NEAR GRANTSVILLE.

Good Values in Silver and Lead in West Mountain Range.

and a great amount of prospecting is being done there.

Bishop James Wrathall of Grantsville has a good property which he is working with quite a large force, and some rich lead-silver ore has been found. It is said that a company will be incorporated by him in a short time, when a number of improvements will when a number of improvements will be made on the claims.

SNOWSTOFM ANNUAL

New Board of Directors Chosen at Mercur on Monday.

The stockholders of the Snowstorm Mining company held their annual meeting at Mercur Monday, a total of 313,693 shares being represented out of the capitalization of 500,000. The following directors were elected, and as soon as they qualify they will meet and organize: O. J. Salisbury, C. S. Kinney, Martin Mahnaken, E. H. Airis, A. Hanauer, Jr., and William M. Mansfield. The company will secure patents for its claims and do quite an amount of development work the coming year. The Snowstorm is a low grade proposition, and in order to get the best results the ore will have to be handled in large quantities. A vein thirty feet thick, starting at the grass roots, has been followed to a depth of 700 feet that will average about \$3 in gold. meeting at Mercur Monday, a total of

SALE OF SACRAMENTO CON. Story That P. T. Farnsworth Holds It Not Confirmed. (Special Correspondence.)

Eureka, Feb. 26.-It is said that the control of the Sacramento Consolidated is about to pass into the hands of P. T. Farnsworth, president and manager of the Bullion-Beck, a block of 290,000 shares having been secured for him on an option, calling for the payment of 10 cents a share, which expires tomor-row. There is a two-fifths interest in row. There is a two-fifths interest in the ground, however, which was not incorporated. In option on which is held by an attorney at Eureka whose office is in the shadow of the mountain on which the Sacramento lies.

For several weeks the management of the Bullion-Beck has been pushing the long drift northwest on the 300-foot level toward the Sacramento, and recently a good strike was made, which

cently a good strike was made, which, according to report, promises much in the way of a new lease of life for this old producer with its many miles of underground workings, that made of the improvident John Beck a million-

aire.

The present ore body on the 900 level north is necessarily in the vicinity of the Sacramento lines, and a former superintendent of the Beck is credited with the statement that he knows where there is ore in the Sacramento ground. In the event of the failure of the interested parties to take up the stock, another law suit is almost certain, but is the light of recent developments, both in the north end of the ments, both in the north end of the Beck and in one of its neighbors, there is little doubt but that the transfer will

about one week ago, but the gentle-man denied that he was interested in any such deal. He was under the impression that such an option existed, but thought it was held by someone in Eureka. Awalting the return of Mr. Hatfield from California, definite information on the subject has been held

ANOTHER LOUISE S. STRIKE.

Vein Yesterday.

pert and mining engineer, returned last evening from Bingham laden with samples from the Louise S., where a REPUTED PURCHASER OF CONTROL DENJES THE REPORT.

TROL DENJES THE REPORT.

That the Daly mine has entered the list cl shippers of crude ore again was the cheering information released by Superintendent Chambers yesterday, though bad roads are very apt to cause a cessation of hauling in the near future, the word telephoned down yesterday being to the effect that the ground was bare below town and sleighing was no longer possible. The best results, Mr. Chambers says, are coming from the winze below the 1,200 level, where, in going down eighty feet, ine strike was reported Friday of last superintendent Chambers yesterday, also begun, and just before Mr. Donohue left yesterday afternoon fine ore a cessation of hauling in the near future, the word telephoned down yesterday being to the effect that the ground was bare below town and sleighing was no longer possible. The best results, Mr. Chambers says, are coming from the winze below the 1,200 level, where, in going down eighty feet, not less than 200 tons of very good shipping ore has been taken out. The vein averages three feet in width, and with every foot of depth attained appears to be improving. The upraise from the 1,200 is also in ore of good quality, but the best showing is being made below, and Superintendent Chambers is very much encouraged at the outlook.

With the Ontario, Daly, Daly-West, Anchor, Quincy, Silver King and Callfornia, all contributing regularly to the camp's output, with the chances of the Creole, Comstock, Valeo, Glencoe and others ready, or nearly ready, to join the procession, the coming season bids fair to eclipse all records in

> decided to make the expenditure, and now there is rejoicing in camp over the decision. OIL-SHALE INVESTIGATIONS.

management was weighing the ques-tion as to whether it would give up work entirely or spend \$2,000 more to learn what was ahead. It was finally

oil fields near Green river has assumed | Herman Bamberger and Others After Ephraim Deposits.

(Special to The Herald.)

Ephraim, Feb. 26.—The oil-shale properties near this city, mention of which was made by The Herald a short time ago, continue to attract a great deal of attention in this section. Those who have looked the property over and tested the shale are unanimous in the have looked the property over and tested the shale are unanimous in the pinion that this discovery means the

opinion that this discovery means the opening up of a new and important industry in this state.

The report of the discovery first published in The Herald attracted the attention of capitalists, who have been making quiet investigations. Herman Bamberger of Salt Lake has already been on the ground making a personal examination, and a number of others have announced their intention of dohave announced their intention of do-

Mr. Bamberger made a thorough inspection of the property, and was greatly pleased with it. He took with him samples from all parts of the twelve-foot vein, which he will have analyzed. He announces his intention of returning as soon as he gets his

The local owners are receiving inquir ies about the property every day from parties in and out of the state, and while they appreciate the interest being manifested in the property, they are apparently opposed to selling. They think they have a good thing, and are to sixty-five ounces silver, and as high as \$2.50 in gold. The amount of this kind of ore is not known at present, as the men reached it only night before last, and Superintendent Sessions has not as yet had time to fully investigate the size of the strike.

President S. M. Smith is absent from the city at present, having been called showing a disposition to hang on to it. Samples of the shale have been sent to the government chemists and else-

SIXTY DAYS FOR PAT.

Ex-Convict Who Lost His Head Is Convicted.

Pat O'Conner, the ex-convict, who stabbed a companion and cut Barney Eckstein at the Owl saloon on Commercial street a few nights ago, was arraigned before Judge Timmony yesterday on a charge of assault. Pat pleaded that he had just finished a fourteen months' term in the penitentiary and that not having any liquor in so long, he lost his head when he got a few drinks that night. The judge thought that sixty days would help him to find his head again and ordered the de-fendant confined in the county jail for

that period. A Woman With a Clear Complexion and a bright eye keeps her bowels acand a bright eye keeps her bowels active and her stomach in good order. Lane's Tea is a pleasant laxative and a great digestive aid. It clears up the complexion, drives the yellow from the eye, and keeps the kidneys in a healthful condition. Get a 25c. package and try it tonight. For sale by Godbe-Pitts Drug company, Salt Lake City, Utah.

SALE OF PROPERTY

ported to Council.

UPON CONSIDERATION.

It was expected that at last evening's men Robertson and Davis demanded reached until tomorrow. that consideration of the question be sale went over.

Previous to the reading of the committee's report a proposition was received from Joseph Smith, the sheepoffer cited that the city last year obtained the forty-seven and one-third feet from the board of education on a basis of \$6,000, by exchange of properties. It was referred to the public grounds committee, which, in its report, said nothing about the offer of Congregation Monteflore to pay

The committee's recommendation to accept \$1,500 from the Rellef society for the city's lot recited that this land and the piece adjoining were donated in 1848 by Absolom P. Free to the ward church, but that in 1872 it became school district property by virtue of a mayor's deed. From these statements the committee concluded that it would only be fair to let the property revert to the Relief society at a nominal price.

Accompanying the committee's report was an opinion from City Attorney Stephens, holding that while no requirement existed to sell city land at auction, the elements of reasonable consideration and adequate price should govern the disposal of municipal property, and that the sole view should be to subserve the best interests of the city. As to whether the sale at \$1,500 would be valid, the attorney is of the opinion that it depends upon the adequacy of the consideration

Wide Difference in Estimates. In the matter of the proposition to lay a six-inch water pipe from Spruce to Eleventh South, on Ninth East street, to take the place of a smaller size pipe, City Engineer Kelsey reported that the length would be 1,992.7 feet, and the total cost, including valves and hydrants, \$2,722.83, whereas the committee on waterworks, on information from the waterworks superintendent, estimated the cost would be \$2,000.

Councilman Thomas declared that the residents of Perkins addition are entitled to better service from the pipe distribution system, especially for fire

While not approving the proposition to lay the new pipe, Councilman Robertson was of the opinion that the engineer's estimate of the cost is nearer correct than the waterworks superintendent. The matter was referred to the com-

mittee on waterworks.

The mayor's veto of the proposition to extend the water pipe system to the sparsely settled Oakley subdivision in the extreme northwest portion of the city, at a cost of about \$7,606, was concurred in by unanimous vote.

city, at a cost of about \$7,600, was confrom Alta.

E. H. Airis and William Dix were in consultation yesterday concerning what shall be done at the El Amigo this season. A decision is expected in a day or the Darlington property of the consultation property of the Darlington property of the City, at a cost of about \$7,600, was concurred in by unanimous vote.

On recommendation of the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt Lake papers for furnishing the used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt be used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt be used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt be used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt be used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo, Lehi and Salt be used in the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo and the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo and the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo and the city engineer and the board of public works, the latter was authorized to advertise for bids in the Provo and the city engineer and the city en

Henry Barnes applied for a modification of his lease on the Warm Springs property for the remainder of the five years from March 31, so that the rental shall be \$100 a month as now, instead of \$150 monthly from March 31. The matter was referred to the committee

Trespassing on City Land. Land and Water Commissioner Wes-

terfield directed attention to his dis-covery that in all probability the company, under the management of a Mr Hill, which is sinking a shaft to develop an underground flow of water at the mouth of Emigration canyon, is trespassing upon city land. His recommendation that the city engineer be directed to make a survey of the land and set monuments at the corners, so that the trespass may be suppressed, was referred to the committee on public grounds.

On recommendation of the committees on public grounds and waterworks, an exchange of property was agreed to, whereby the city will cede to Ellsworth Daggett 40x279 feet of ground facing north and west on South Temple and Thirteenth East streets, and Mr. Daggett will deed to the city 33x165 feet on the north side of the Thirteenth East street reservoir, the consideration being that Daggett will waive all claims for damages on account of the reservoir excavation adjoining his land. Carl Elvers' request to be permitted to prospect for coal on his location near Ensign Peak was referred to the com-

mittee on public grounds.

The petition of Royal B. Young and a large number of other residents southeast of the city, urging the council to grant the Salt Lake City Railroad company's petition for a franchise for an extension of the Seventh East street car line south to the city limits, was referred to the committee on municipal

With reference to the direction to the with reference to the underton to the chief of police to require the numbering of all houses not now numbered, the city engineer was instructed to furnish the police department with revised plats of all additions and subdivisions in the city.

Claims and Allowances.

Salt Lake county's claim in the sum of \$1,172.62, for assessing and collecting last year's city taxes, was referred to the finance committee. The claim of Engineer Robert C.

Gemmell in the sum of \$412.50 for services as expert witness in the trial of the city's paving and water lawsuits, was referred to the committees on finance and claims. An appropriation of \$2,000 was voted o clean the ditch and repair the flumes of the city canal

Thirty dollars was appropriated to make the compensation allowed the ten special policemen employed during the

day, to assist in making collections of delinquent water rates. The council proceedings were inter-rupted enough to permit a photographer to take a flashlight snap-shot at the councilmanic aggregation.

A large part of yesterday's session deferred one week, and, under the rules, was devoted to hearing the testimony action on the report of the committee of Mr. Vail, the defendant. Continuing on public grounds recommending the from the point where he stopped Monday afternoon, Vail denied that he had ever made affectionate demonstrations toward Mrs. Sherman, whom Mrs. Vail accused him of having kissed at the man, offering to pay \$3,000 for the lot, Miller hotel. The defendant told the improve it and pay taxes thereon. This court of numerous instances of his wife visiting wine rooms and coming home drunk.

Mr. Vail also testified to coming

home unexpectedly from New Mexico and finding "Billy" Wilson at the house at a late hour at night. He related the finding of "Billy" Wilson's photograph in his wife's possession, and of letters received by his wife from Wilson and from a man named Strollom a purser from a man named Strollom, a purser on a steamer sailing from San Fran-cisco. These letters and others and the photograph were offered in evidence

by Attorney Critchlow.

The defendant told of the incident when he followed his wife in company when he followed his wife in company with Wilson from Calder's park to the Bowlby House a year ago last July, and also of how his wife had taught little Gladys to use bad language.

Promised to Be Good.

An important bit of testimony for the defendant was the signed agreement read in court between himself and the plaintiff, wherein Mrs. Vail pledged plaintiff, wherein Mrs. Vail pledged herself to shun the company of Mrs. Lund and Wilson, to cease getting drunk and to stay at home nights when her husband was out of the city. It was recited in the agreement that the reconciliation on the part of Mr. and Mrs. Vail was in consideration of their little daughter, Gladys. Further testifying, Vail swore that on

one occasion, when he reproved his wife for her conduct and begged her to reform for the child's sake, she turned on him with a threat to go down deep into degradation by starting a house of ill repute. The defendant told of how his wife

on Feb. 7 of last year, had attacked him with a carving knife and threw hot water on him in attempting to carry out her threat to kill him. Explaining the taking of little Gladys Explaining the taking of little Gladys from her mother two weeks after the assault incident, the witness declared that he had finally concluded there was no hope for Mrs. Vali's reformation, and that she was not a proper one to have the child's custody. He said he took his young daughter to Denver, and then to California, finally bringing the child to the Sacred Heart academy at Ogden, where Mrs. Vail and her mother got possession of it last November by the flourish of a gun.

the flourish of a gun.

Miss L. Evans, a kindergarten teacher, testified that when she had little Gladys in her school, Mrs. Vail told her she hated the sight of her

child. Visited Wine Rooms.

Nightwatchman John P. Mulloy swore that he had seen Mrs. Vail in the wine room of the Star saloon with a man on several occasions late at night, and had seem them go from there to her rooms on the third floor of the Godbe-Pitts building.

L. W. Dittmann, who was the pro-prietor of the Saltair beach bar last season, testified that he had found it necessary to forbid Mrs. Vail coming into the bar room and interrupting "Billy" Wilson in his work at the bar. Sheriff L. E. Abbott of Davis county told of an incident at the Lagoon when Mrs. Vail and Maggie Olson and a couple of men went into the willows with liquor and remained there for a considerable time. He added that on one occasion he heard plaintiff refer to her husband as a man of uncertain

parentage.

Judge W. S. Arnold swore that he saw Mrs. Vail and "Billy" Wilson intoxicated at the Salt Palace in the sum-

ner of 1898. Miss Samantha Sessions testified that

Miss Samantha Sessions testified that she saw Mrs. Vail in Wilson's company at the Lagoon in August, 1898, at a late hour of the night, and that Mrs. Vail was so drunk she had to be helped on the train by Wilson.

Mrs. Bowlby, proprietor of the Bowlby House on West Temple street, states that in her testimony on Monday she said nothing about Mrs. Vail taking a room at her place, but testified that room at her place, but testified that Wilson was a lodger.

POWER COMPANY'S TURN. Attempting to Prove Its Right to Use of Water.

Interest in the big Jordan river water case was enlivened yesterday when the taking of testimony in behalf of the power company was commenced. After offering in evidence notices of appropriation of water flowing in the river and the right to store flood wa-ters in Utah lake, and other document-ary proof, Judge Hiles, for the power company, called Allen G. Lamson, the promoter of the power project, to the witness stand. The witness told how the power plant had cost \$300,000, most of which sum had been contributed by Alexander H. Tarbet. He also testified that the company had paid the Utah Alexander H. Tarnet. He also testified that the company had paid the Utah & Salt Lake Canal company \$12,000 for a right-of-way to carry the city's and the South Jordan Canal company's and the North Jordan company's water in the enlarged ditch from the upper dam to the power works redelivering the to the power works, redelivering the waters thus taken to the canals below after passing over the power wheels.

Further examination of Mr. Lamson will be continued today.

Criminal Court Session.

Joseph H. Walker, charged with bur-Joseph H. Walker, charged with burglarizing the Alta club on Dec. 9 and stealing Benner X. Smith's overcoat, yesterday entered a plea of guilty to the amended charge of receiving stolen property, whereupon Judge Stewart sentenced him to serve six months in the county is it.

Thirty dollars was appropriated to make the compensation allowed the ten special policemen employed during the livestock convention, \$3 each per day, instead of \$2.50.

A resolution by Hartenstein was adopted, authorizing the city treasure to employ an extra man during the council's pleasure, at a salary of \$2 a day, to assist in making collections of delinguent water rates.

Sentenced him to serve six months in the county jail.

On motion of District Attorney Eichnor, Judge Stewart yesterday fixed the bail of George Simmons at \$300 for his liberty, pending trial on March 20. Simmons is accused of burglary, and his companion, Herman Kowitz, alias Fred Rigsby, was acquitted on Monday of complicity in the burglary of Walton's store south of the city on Feb. 3. The trials of the charges against E. The trials of the charges against E. W. Hamilton for shooting at police officers while being approached for arrest, were yesterday continued by Judge Stewart until March 25 and 26. The continuances were granted on motion of the defendant's attorneys, Johnson & Fowler son & Fowler.

All jurors in the criminal court who were not otherwise excused were yesterday excused from attendance in the criminal court until Friday.

Habeas Corpus Writ.

Flannels

I. E. Cornelius and Daniel W. Palmer, the former from Wayne county and the prices.

F. AUERBACH & BRO. latter from Emery county, one-year

convicts in the state prison, applied to the district court yesterday to be released on habeas corpus proceedings. As in other similar cases, the convicts show that their conviction on charges of grand larceny by the district attorney, instead of by the county attorney, is void. The petitions will be heard on Thursday.

For Damage to Cattle,

Ward & Co. yesterday instituted suit in the district court against the Rio Grande Western Railway company to recover \$160, the value of four head of beef cattle alleged to have been killed
